Summary

Entrepreneur adding value to different businesses. Open to interesting and profitable investments.

I have gathered significative experience as a General Manager and as a CFO, working in these positions for 12 years. For the last eight years I have been working as the General Manager of CMS Rui Pena & Arnaut, Law & Tax Firm.

Just before, I played an operational and strategic role, managing the start up "Palavras e Atitudes", in the business of global hygiene services.

Until October 2010, I worked at INAPA (Paper Distribution) for two years and a half, as the Marketing Director.

I had acquired further expertise in retail during 4 years, while I worked with the CEO of the Papelaria Fernandes Group in the business of Stationery Distribution and Retail. My work consisted mainly in managing the Group's retail chain with the Managing Director.

In the first decade of my career I worked in retail as the CFO of Marks & Spencer for 6 years (reporting to London and Madrid), and in banking before that.
